

✓ **Valid report issued by Testides**

This number matches a completed report in the Testides archive. Values below are the record behind that certificate.

COMPOUND

Retatrutide

ISSUED

Sep 11, 2026

VERIFY

<https://testides.com/reports/PBC-RETA-30-081026>

FOR RESEARCH PURPOSES ONLY

§ 01 Sample Information

Compound	Retatrutide	Requested	Aug 10, 2026
Lot Number	V35-PO74-20260731-RT3	Sample received	Aug 10, 2026
Appearance	White Lyophilized Powder	Report issued	Sep 11, 2026
Lot listing	Not listed	Test method	HPLC

Sample photograph

Vial as shown on the Testides verification page for this report.

SAMPLE PHOTOGRAPH

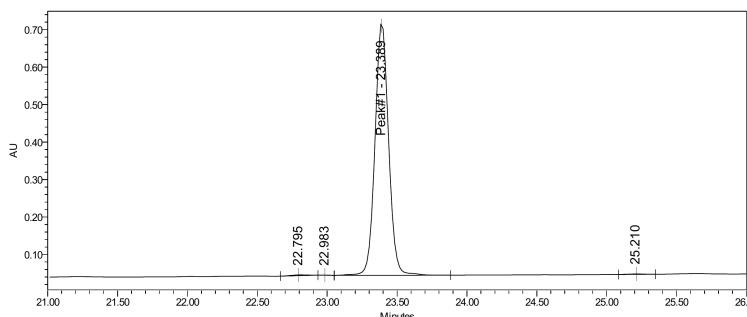

§ 02 Analytical Results

High-Performance Liquid Chromatography (HPLC) — quantitative purity and content

PARAMETER	SPECIFICATION	RESULT	STATUS
Compound	Retatrutide	Retatrutide	
Purity (HPLC)	—	99.96 %	PASS
Amount measured	—	32.99 mg	
Expected content	30 mg	32.99 mg	PASS
Label accuracy	—	110.0 %	
Molecular weight	—	Not reported	

Purity is the HPLC principal-component area percentage reported by Testides for this sample. Label accuracy is amount measured ÷ expected content. Molecular weight was not reported on the source page. Method, instrument, CAS and formula were not published on the verification page.

§ 03 HPLC Chromatogram

Main peak ≈ RT 23.389 min (Peak #1). Minor peaks at 22.795, 22.983 and 25.210 min.

Tests on this report: HPLC — Result reported

Important notice · Research use only

Analytical results apply only to the submitted sample and methods identified. Testides does not manufacture, sell, prescribe, recommend or distribute tested compounds. Results do not determine safety, efficacy, regulatory approval or suitability for human or veterinary use. Results do not establish definitive identity, absolute purity where not properly supported, sterility, regulatory compliance or fitness for purpose, and do not authorize sale, distribution or administration. Report verification concerns the analytical record, not product certification or approval.

Verification confirms that Testides issued a report under this number and shows the values it records. It does not identify who submitted the sample, and it does not confirm ownership, authorization to republish, or the safety of any material.

Source & reformatting

Original public verification page: <https://testides.com/reports/PBC-RETA-30-081026>

Captured values: purity 99.96% (HPLC); amount measured 32.99 mg; expected content 30 mg; compound Retatrutide; lot V35-PO74-20260731-RT3; appearance White Lyophilized Powder; requested / received Aug 10, 2026; issued Sep 11, 2026.

This PDF is a print-oriented reformatting of that public page. It is not an original certificate issued by Testides. Always verify the live report at the URL above before relying on these figures. Fields not published on the source page (CAS, formula, molecular weight value, instrument, analyst signature, client identity) are intentionally omitted.
